

Web Developer

Imagine advancing your career in the booming medical website development industry. This is your rare ground-floor opportunity to join an established, well-funded and quickly growing tech company.

Enjoy working with smart, nice people who are changing the way patients access the future of medicine today. We are expanding our team because of tremendous demand for our services and continuous growth of our company.

If you are a talented, hard-working individual who is willing to make an immediate impact on our business, you will receive highly competitive compensation and recognition for your dedication.

We offer:

- Competitive Compensation
- Performance-Based Bonuses
- Health, Dental and Vision Insurance
- Generous Paid Time Off and Paid Holidays
- High-End, Multi-Monitor Workstations
- Cellphones and Mobile Devices
- Free Coffee, Drinks, and Snacks
- Simple Company Structure – NO Corporate Politics
- Management Made Up of Sr. Developers
- Exposure to the Latest Web Technologies
- Professional, Creative, and Fun Environment
- Unmatched Potential for Growth

Responsibilities:

- Work within an Agile team on websites and online applications
- Develop new websites and maintain existing web properties
- Develop scalable front-end code using industry-standard web technologies
- Ensure cross-browser, cross-platform, and cross-device compatibility
- Bring innovative ideas and solve complex technology problems

Desired Skills and Experience:

- Professional experience in front-end web development and UI/UX
- Good knowledge of HTML5, CSS3, SASS, and JavaScript / ES6
- Strong website usability and content organization skills
- Experience with Content Management Systems
- Experience with templating engines a plus
- Experience with front-end web and JS frameworks a plus
- Experience with GIT and Webpack a plus
